

Postgraduate Registration 2025

As a student starting a new postgraduate course in the Cambridge University Engineering Department, you must complete IT registration, even if you already have active IT accounts because of a previous course, job, or visit.

<https://registration.eng.cam.ac.uk/postgrad.php>

Having problems registering?

If you have problems completing the Engineering Department registration process, please email the Engineering [User Accounts team](#).

Please give details of how far you got through the process and include screenshots of any error messages. Please use a subject like:

your-userid: Registration problems

Getting started with Engineering Department IT facilities

For an introduction to Engineering Department IT facilities, please see:

[Starter guides](#)
